

COLLAGE PROMPT ASSIGNMENTS 1 TO 30

BY MARGARETE MILLER

In case you want the first ten prompt assignments to print out and use in your collages, here they are.

How do these assignments work?

1. Read through the collage assignment
2. Determine if you are able to find all of the 5 prompts
3. The bonus is there to use in case you need to swap out one of your other prompts
4. Choose a gluebook (link to: [What's a gluebook?](#)), or somewhere you'd like to create your collage
5. Use a piece of scrap pattern paper in your collage or as a background
6. After you create a collage with your 5 prompts, add a sticker or a rubber stamping to embellish it, if you'd like
